

MOVEMENT GAMES:

Movement Game: Hide the Bible

Have all the kids close their eyes then hide a bible (within sight, but an unusual place). As the group moves around the room tell them that they are “near” or “far” away, until it is found! Explain that God wants to be close to us and we can be close (near) to God by knowing/reading His Words!

Movement Game: Do What He Says!

Remind preschoolers that we show love to God when we do what He says. Play a game in which children do what you say. Suggest actions such as the following. • Lie down and look at the ceiling. • Give yourself a big hug. • Sit cross-legged and rock from side to side. • Jump as high as you can. • When it is your turn, tell the group something you know about God.
